Biography

I am pursuing a PhD degree under the supervision of Professor Zhuzhong Qian and Professor Baoliu Ye at Nanjing University. Currently, 7 first-author papers have been published or accepted. My research interests include Edge AI, Computing Power Network (CPN), P4 Switch, and Federated Learning (FL).

Education_____

Ph.D. in Distributed Computing Lab., Department of Computer Science and Technology

Nanjing University

Advisor: Prof. Zhuzhong Qian and Prof. Baoliu Ye. Nanjing, Jiangsu, China

Sept. 2021 - Now

• Win the Best Paper Award in BigCom 2023

Master's Degree in Department of Computer Science and Technology

Nanjing University

Advisor: Prof. Zhuzhong Qian. Nanjing, Jiangsu, China

Sept. 2018 - Jun. 2021

Sept. 2014 - Jun. 2018

Get a First Prize Graduate Scholarship in NJU

B.S. in College of Computer Science and Technology

Nanjing University of Aeronautics and Astronautics

ADVISOR: ASSOCIATE PROF. XIN LI AND ASSOCIATE PROF. HAIYAN CHEN. NANJING, JIANGSU, CHINA

• Rank 3st in Qualification Examination for Undergraduate Students (3/120)

Honors & Awards

2021-Now

2024	Outstanding Postgraduates of Nanjing University, Nanjing University	Nanjing, China
2024	First Prize of Scholarship for Talents, Nanjing University Scholarship	Nanjing, China
2023	Best Paper Award, The 7th International Conference on Big Data Computing and Communications	Hainan, China
2022	Graduate First Class Scholarship, Annual Awards	Nanjing, China
2022	The Excellent Prize, Intel 2022 P4 China Hackathon	Beijing, China
2021	Outstanding Student Cadre of Nanjing University, Annual Awards	Nanjing, China

2014-2021

2018	Postgraduate Qualification without Entrance Examination, Undergraduate Evaluation	Nanjing, China
2017	National Inspirational Scholarship, Annual Awards	Nanjing, China
2015	Top 100 Young Students in NUAA , May Fourth Excellent Evaluation	Nanjing, China

OTHERS

[0.1] Ji Mingtao. Two papers are under review and one paper is in Major Revision.

Grants

2023 Short-term study abroad program for doctoral students of Nanjing University, (About \$9600).

Experiences _____

PROJECTS

Natural Science Foundation of China (NSFC) Project

· Research on Theory, Methods and Key Technologies of Cloud based Fusion Based on edge computing, 61832005.

State Grid Technology Project

- · Research and Application of Key Technologies for Collaborative Operation and Intelligent Operation and Maintenance of Multiple Data Centers for Multisite Fusion, SGJSXT00XTJS2000102, 2021-2022
- · Research on Collaborative Scheduling Allocation of Computing Resources and Key Operation Technology for Cloud-edge Datacenters, 5700-202218180A-1-1-ZN, 2022-2024.
